By signing below, I understand it is my responsibility to make sure my child's insurance is correct at the time of service, especially if the patient has double coverage. Failure to properly notify the clinic will result in \$25.00 per claims reprocessing fee for any necessary claim resubmission to the proper primary/secondary insurance. For claims that have been denied due to untimely filing, passing the 90-day submission window from the date of service, you would be responsible for full balance for that date of service.
